Thanks Kris. The package is with my Assistant Section Chief for review. I'll provide her the updated version. I will let you know if she has any comments. I

No problem updating Ken that EPA has approved and review is still pending at DOJ.

I'll take a look at the other emails and get back to you early next week.

Thanks, have a good weekend.

Subject: ATP settlement approved by EPA

Hi Erika,

Attached is the ATP settlement, fully approved by EPA management. There were a few minor edits to the settlement and I kept track of those in a separate word version. I think it will help to send that to Ken to clearly indicate the edits from EPA and DOJ management once the full package is approved.

Please let me know if you have any questions or need anything else from EPA as you move this through DOJ approval.

Also, I was thinking of providing Ken an update on Monday to let him know the status (EPA approved, pending at DOJ). Let me know if that's ok with you.

Thanks,
Kris
